Petition to substitute a WEC Degree Requirement

The curriculum for the WEC undergraduate major was carefully developed by the entire WEC faculty to prepare students for careers or graduate school and to meet professional, CALS, and UF degree requirements. Only in exceptionally rare cases – such as when a regularly taught, required course is cancelled, or a student is unable to register for a required course in their final, graduation term at UF – will a petition to substitute other courses for degree requirements be considered.

All petitions are considered on a case by case basis. Some WEC degree requirements have no possible substitute.
